I am writing this letter of recommendation on behalf of Daniel Jolly and the services he has provided at the Montpelier Recreation Department. This is our second year having him provide interactive performance sessions at the Recreation Department Little Sprouts Open Gym. Each time the kids as well as the adults enjoyed the performance. He interacts with the kids in the program and they were overwhelmed with joy with his balloon tricks!!! He has a great ability to keep children engaged and can relate easily with kids of all ages. I would definitely recommend his services and will book Daniel Jolly for future programs and events.
